

THE **INDUS** CLUB™

WHERE EVERY HANDSHAKE MATTERS

*The very private world
of newsmakers, leaders & legends.*

..... ❖

BECAUSE MUMBAI DESERVES THE BEST

..... ❖

For centuries people have been drawn to kindred spirits, bonded by common interest or purpose, which led to one of the noblest inventions of mankind, the club. A haven of refuge and accord. A place of courtesy, good breeding and good manners, which humbles the mighty, draws out the timid and casts out the sorehead.

Clubs have evolved over time, from the somewhat secretive societies of the Middle Ages to the Country clubs and Gymkhana clubs of the past century or so to the more modern lifestyle, business and special interest clubs. The great cities of the world, none more than London, provide a wonderful array of such private members' clubs for the elite and affluent to meet, relax, bond, dine, conduct business, be entertained and enjoy lifestyle options that money can't easily buy. Clubs that define the spirit of that city, curate the best that the world has to offer and are open only to the select few that represent the success of the city!

We felt that it's time to doff our hat to Mumbai, one of the great cities of the world and present *India's first ever private members' club that combines the best of business, lifestyle, entertainment and wellness elements. For a discerning collective of newsmakers, leaders & legends.*

PERFECTION THAT TOUCHES THE SOUL
